25X1 7. [REDACTED] LIAISON Received a call from Clay
McManaway, State Department, who wished to advise us that State had
25X1 briefed Chairman Thomas Morgan (D., Pa.), House International Relations
Committee, [REDACTED] 25X1

25X1 9. [REDACTED] LIAISON Carl Duckett, DDS&T, and I met with
25X1 Senator Howard Baker (R., Tenn.) to discuss with him his plans to visit
the area [REDACTED] during the Senator's upcoming
trip. Senator Baker was most cooperative and said at the outset of our
meeting that if we did not want him to go to this site, he would not go and it
would not be necessary for us to discuss the matter further. Mr. Duckett and
I thanked him, however, Mr. Duckett said he wanted to give him a fill-in on
the facility and he proceeded to give him a summary briefing. He offered
to give the Senator a more detailed briefing when time permits. The Senator
was most cordial and expressed the hope that the inquiries into the Agency
could be quickly completed and that the necessary changes could be made so
that things could get back to a normal situation.

25X1 10. [REDACTED] TRAVEL Chuck Snodgrass, staff of
25X1 House Appropriations Committee, visited the Agency to get briefings from
representatives of [REDACTED] OEL, and EA Division on areas to be visited on our 25X1
upcoming trip to the Far East and the South Pacific.
